

Practical AI for School Leaders

A working morning on what AI actually does for the operational and governance work of the central office.

DATE

**Thursday,
July 16, 2026**

TIME

9:00 to 11:30 AM

Lunch to follow

LOCATION

**Shine Family Conference
Room (2nd floor)**

3000 Technology Ave, New Albany, IN

The Morning

9:00 Welcome

Josh Gates, Red 7 Networking, and Dr. Steve Troyer, Willow Run Group

9:10 Where AI actually is, July 2026

How most people use AI today, what they are missing, and what is actually available now

9:55 Live build: a week becomes the board update

A superintendent's calendar, voice memos, and rough notes become the Friday board update, then a saved play that runs every week (Claude Cowork)

10:15 Live build: one water main, every audience

One situation becomes the board heads-up, family letter, staff memo, and public post, with a Spanish version (ChatGPT Work)

10:35 Break

10:40 The finished packet: collective bargaining prep

A complete prep packet built on Indiana's actual IEERB guidance, walked through as finished work

10:55 The plain read

What is worth using now, what to leave alone, and the responsible-use lines for a public school

11:05 Open questions

Peer to peer, whatever is on your mind

11:22 The take-home packet

Field guide, resources, and what a next step looks like

11:30 Lunch

Provided. Stay, eat, and talk shop.
